

# EMPLOYEE BENEFITS

“ **Maximizing the return on your investment: healthier, happier, more productive employees!** ”

**Fairfield Watson helps create benefits programs that attract and retain top performers and have a positive impact on your organization's profitability.**

## OUR TEAM IS YOUR TEAM

Our primary goal is to become a seamless extension of your team. When we align with your goals and objectives, it allows us to develop and maintain programs that are cost-effective and truly meaningful to your employees and their families. This means you have direct access and a personal level of support you won't find anywhere else.

We have a world-class, experienced support team dedicated to ensuring that you are maximizing the return on your investment.

## WESTERN CANADIAN ROOTS

We are proud of where we come from and how it helps us personally relate to our clients. We work with both local and national organizations right across this great country. This national benchstrength ensures your benefits program is competitive and tailored perfectly to your business. Bottom line - we understand the Canadian economic climate.

## 5-STEP PROCESS

## EXPERIENCE AND EXPERTISE MATTER

Fairfield Watson is proud to be providing tailored benefits consulting services and plan expertise for more than 20 years.

Our clients gain a competitive advantage by investing in customized benefit programs that results in attracting & retaining long-term employees who are healthier, happier and more engaged.
